

IS YOUR DRINKING WATER SAFE? Well Testing Preregistration Exclusively for the Town of Trade Lake Property Owners

OPPORTUNITY

The Town of Trade Lake, in conjunction with the University of Wisconsin-Stevens Point Water and Environmental Analysis Lab is excited to announce the opportunity for all Trade Lake property owners to have their water wells tested in the new year.

The Lab is State Certified to perform these tests. This drinking water testing and educational program will allow you to have your wells tested for bacteria and nitrate-nitrogen as well as pH, hardness, alkalinity, conductivity, chloride and corrosivity index to give you and your family a good indication of your water's quality.

If you haven't had your well tested in the last year, this is an excellent and inexpensive way to keep your family safe.

10 Reasons why you should test your drinking water

- 1) Trade Lake has only one aquifer.
- 2) All of our wells draw drinking water from that one source.
- 3) Water flows from the surface to the aquifer and then underground to your well.
- 4) Like a teenager, you don't know where its been.
- 5) Guaranteeing that you and your family have safe drinking water is your responsibility.
- 6) Without testing it, you have no idea whether it's safe or not.
- 7) In these days of concerning health issues, take one off the list.
- 8) The Town of Trade Lake is concerned for the wellbeing of you and your family.
- 9) The Town of Trade Lake is contributing your tax money to help you afford testing.
- 10) Preregister today by sending this form back to the Town by using mail or put it in the drop-box on the Town Hall building.

ACTION

Individuals that preregister will be expected to:

- A. Pick up and pay for your water sampling kit on Saturday May 1, 2021 between 9am and 2pm at the Trade Lake Town Hall. You will receive a packet with full information and instructions so that you can collect your sample properly.
- B. Collect and return your sample on Sunday May 2, 2021 between 12 noon and 4pm at the Trade Lake Town Hall.

After the samples have been analyzed, you will be invited to attend an educational meeting to explain what your results mean and allow you to ask questions.

PRICE

The tests are normally \$55.00, but the Town of Trade Lake has agreed to contribute \$25 to help cover that cost for you.

If we receive your pre-registration form before March 1, 2021, the cost for your test will be only \$30.00

PRE-REGISTRATION ONLY AT THIS TIME. SEND NO MONEY

RESERVE YOUR WELL SAMPLING KIT

To reserve your well water sampling kit at the reduced rate, please return the following form **before March 1, 2021. SEND NO MONEY WITH THE FOLLOWING FORM.**
